## The Pleasures Of Toil

are unknown to many thousands in the world's grand array of toilers.

It's because so few of them labor with their heads as well as with their hands. Thinking pays; ideas are so much capital.

What are your ideas about grass-cutters? You've heard about

The McCormick

No. 4 Steel Mower

It's an ideal machine. There are more good ideas about its construction than can be found in any other mower. Probably that's why its sales are so enormous. It has the best footfall to be found on any mower; is fitted with the McCormick cold rolled finger bar, and will stand the severest tests possible to a grass-cutter. Guaranteed to work under any conditions.

It's a light draft mower, and it's durable. It's an easy winner of field trials. It's a really valuable mower in more ways than can be enumerated here—and it costs but little more than a "cheap" machine.

The Illustrated McCormick Catalogue shows the special merits of this mower. We furnish it to our agents.

A. C. PATTERSON, Manager.

THURSDAY, JULY 20, 1893.

Through an oversight of our

Ottawa correspondent, a report

reached us that Mr. McGirr was to be appointed Deputy Minister of the Interior. The mistake probably occurred from a confusion of the Indian and Interior Departments, Hon. Mr. Daly being at the head of each, and Mr. McGirr holding a prominent position in the former. The office of Deputy to the Superintendent General of Indian Affairs has been vacant for some time, and Mr. McGirr's name has been mentioned in this connection. We have no intention of booming Mr. McGirr, but we feel confident that his long experience in the Indian Department and a thorough acquaintance with the minutest details of that department well qualifies him for the position. Mr. Hayter Reed, Indian Commissioner, would also make a good man for the position, but it is a question whether the Government could afford to lose from the direct supervision of our Indians a man so well qualified for Commissioner as Mr. Reed. Our Indians are peaceable; they are fast becoming civilized, and a large number of them are now devoting their attention to farming, while the expense to the Government has been greatly reduced during the past few years. A great deal of the credit for this satisfactory condition of the work of the Government is due to the careful supervision of the Indian Commissioner, and for some years yet we would be sorry to see any change made in the present system. Our Indians cannot be managed from Ottawa any more successfully than the American Indians can from Washington, and we have only to look across the line to see the strongest proof of the wisdom of our Government's policy of a strict personal supervision by a thoroughly competent Indian Commissioner.

The farmers of this district have done more breaking this year than for many years past, and with favorable seasons we may look forward to seeing a great deal more grain marketed here in future. The fact that mixed farming pays is now pretty well established. At the same time our farmers have learned that their operations must go beyond the cultivation of a few acres, and the keeping of a few head of cattle. To make it pay they must cultivate larger areas than they have done in the past, and now they are beginning to realize this fact. Had the Government heretofore attached more importance to cultivation than residence duties, the country would to-day present a more prosperous appearance. We have before on several occasions claimed that the man who cultivated these lands in any considerable quantities, is decidedly doing more for the country than the one who simply complies with the land regulations, religiously fulfilling the requirements of the residence clause. Our successful farmers cultivate all the land they can handle nicely,

and they are never short of feed for their cattle.

Hon. T. M. Daly, Minister of Interior, and Mr. Burgess, Deputy Minister, passed through to the coast on Friday last. The minister will stop off at a number of places on the return trip and give parties having any business with him an opportunity to transact it.

THE CANADIAN WEDDING GIFT

TO THE DUKE AND DUCHESS OF YORK

On Monday last, 10th inst., Mrs. Royal forwarded to Her Excellency the Countess of Derby, at Ottawa, the following subscriptions received towards the Canadian Wedding Gift to be presented to their Royal Highnesses the Duke and Duchess of York.

Regina and Balgonie	\$38.85
Battleford and Union Lake	43.70
Prince Albert	31.00
Edmonton	21.25

DROWNED WHILE BATHING AT QU'APPELLE.

About one o'clock on Monday afternoon a melancholy accident happened at the reservoir west of town, by which Roger Wilson Broley, the young son of Mr. Wm. Broley, lost his life. It appears that three boys—the deceased and Harry and Percy Gordon—went to the dam to bathe. Broley was the first to enter the water, and would seem to have immediately got out of his depth, for he was observed struggling in the water by Wm. Gibson, junr., who was herding cattle a short distance away. Gibson at once went to try and rescue the boy, but found he was beyond his reach, as the water was too deep for him to proceed further, and Broley sank while his would-be rescuer vainly endeavored to grasp him. Gibson, finding himself powerless to recover the lad, rode to town to give the alarm and procure assistance. A large number of citizens at once turned out to help to recover the body, and soon several swimmers and divers were in the water searching for it. It was found about fifteen feet from the shore by Mr. Barnes and brought out with all speed. Every effort was put forth to restore animation but without avail, and the party returned to town with the lifeless body. The boy is scarcely twelve years of age, but was a very bright intelligent fellow. The sympathies of the entire community go towards the bereaved parents and family, the case being exceptionally sad from the fact that this was the last of three sons, two having died since the family came to this country. The remains were interred at Qu'Appelle Cemetery on Tuesday, when a large number of people gathered and attended the funeral service.

MOOSOMIN CELEBRATES.

Moosomin had a big day on the twelfth, and although the weather was against it in the morning, the afternoon got out fine, and the track was in better condition for racing than was expected.

A mile bicycle race, in which four started, was, on account of its novelty, watched with interest. The lead was taken by Harrison, who kept it to the finish, followed by Crisp and Hewgill. Nelf had the misfortune to fall in the second lap.

The pony race was won by Mr. Cavanagh's Jess in three straight heats, second place being well contested by Petit Rouge and Paddy.

Stanton King pulled off the three minute trot, Grey Lily came second and Montana Billy third. Protests were entered against both Stanton King and Grey Lily.

The open half mile was a capital race, and resulted as follows: Mr. Rae's Randall first, Mr. Beekton's Cluquot second, Mr. Newton's Columbus third.

Becton's Frown won the open run, Rattray's Billy B. came second and Bradshaw's Blue Peter third.

In the open trot S. White's Little Jim was first, Lusk's Princeton second, and Joslin's Lily S. third.

A polo match was played in the morning, the opposing clubs being Moosomin and Grenfell. It was won by Grenfell by 8 to 2.

In the afternoon, the junior clubs of Virden and Moosomin engaged in a game of baseball. The home players won the match by seven runs and an innings to spare.

The Moosomin Amateur Minstrels gave a performance in the evening,

and provided a fund of amusement for the large crowd who gathered to hear them.

REGINA PRESBYTERY.

The Presbytery of Regina met in the church here on Wednesday, July 12th. There were present a large number of ministers and several student missionaries laboring within the bounds. A docket of business was presented and adopted. Mr. Campbell reported that he had presided at an election of elders at Grenfell, and Mr. McKay reported the state of work at Whitewood requested that, as the missionary appointed to that field had arrived, he be relieved of the moderatorship of the session. Mr. McKay was thanked for his care of Whitewood and his request granted. Certificate of Mr. Muirhead's ordination by Kingston Presbytery having been presented his name was added to the roll. A letter from Dr. Jardine asking that his name be dropped from the roll was read, and the following resolution was passed thereon: "Whereas a letter has been received from the Rev. Robert Jardine, Sc. D., late minister of Prince Albert stating that the Confession of Faith is not now a true expression of his religious convictions, and asking the Presbytery to remove his name from the roll as a minister of the Church, the Presbytery accedes to the request of Dr. Jardine and hereby removes his name from the roll as a minister of the Church, and declares him to be no longer a minister of the Presbyterian Church in Canada." The clerk was instructed to give the usual notification to other Presbyteries of the action. Session records of Alameda, Oxbow, Wolsley and Qu'Appelle were examined and attested. Mr. Robson gave an interesting report of his attendance at the General Assembly. Mr. Matheson was elected moderator for the ensuing year and the following standing committees were appointed:

Foreign Missions:—Messrs. McKay (Con.), Robson, Moore, Laird, McLeod, A. McDonald and Skene.

Home Missions:—Messrs. Carmichael (Con.), Matheson, Clay, Robson, Scott, Rochester, Bompas, Crawford and Motherwell.

Sabbath School:—Messrs. Welsh, (Con.), Muirhead, Bydon, McKenchie, Martin, Thompson (R. K.), Donald (Moosomin).

Sabbath Observance:—Messrs. Rochester (Con.), Ferry, Campbell, Robertson, Tait, Crawford.

Temperance:—Messrs. Campbell (Con.), Robson, McMillan, Rochester, Welsh, Thompson (J. W.), Laird, McLeod, (Con.), Welsh, Moore, Muirhead, Campbell, McKay.

State of Religion:—Messrs. Robson (Con.), Carmichael, Matheson, McKenchie, Scott, Ferry, Anderson, Fotheringham (A. T.).

Manitoba College:—Messrs. Moore (Con.), Clay, Crawford, Beale, Campbell (J. J.).

Statistics and Finance:—Messrs. Clay (Con.), McCaul, Berse, Thompson.

Systematic Benevolence:—Messrs. Clay (Con.), Welsh, Laird, Bydon.

Mr. Beale, missionary in Japan under the A.B.C.F.M., being present was extended the courtesy of the house, and at a later stage gave an address on the work in the distant land. An application from Carssdale for a loan of \$300 from the C. & M. Building Fund was recommended. The following arrangements were made for the induction of Mr. Rochester, viz.:—That it take place at Prince Albert on August 9th, Mr. Carmichael preside and address the minister, Mr. Clay the people, and Mr. Lewis preach. It was also agreed that McKenchie be ordained at Carssdale on the 25th inst., and that Mr. Carmichael preside and address the minister, Mr. Robson the people and Mr. Clay preach. The following minute in reference to Mr. Douglas's resignation was ordered to be recorded:—"The Presbytery, in accepting the resignation of Mr. Douglas, feels that it is losing one of its most valued members. By his kindness and unvarying courtesy he has won the esteem and respect of all his brethren. His comprehensive knowledge of the great doctrines of grace, and through sympathy with them his power of expressing the most profound truth in language at once simple and attractive made him a preacher interesting and attractive to all classes, a workman who needeth not to be ashamed. Under his pastorate, Moosomin congregation became self-sustaining, and was blessed each year by large additions to its membership. Our earnest prayer for him is that his health may soon be completely restored,

and that he may enjoy many years of happy and successful work in the cause which he loves so well and to which he has devoted himself."

Arrangements were made for visiting by deputation the following mission fields:—Lansdown, Green Valley, Colleton and Estevan, and for the dispensing of ordinances in all the fields within the bounds. In the matter of arrears claimed by Mr. Richardson, late missionary at Bradvic, it appeared from the books and vouchers of the congregation that \$35 was still due, which amount the congregation was instructed to pay. A conference on Helps and Hindrances in Christian Work was held, and after a cordial vote of thanks to the people of Qu'Appelle, the Presbytery adjourned to meet at Bradvic on the second Wednesday of September at 3 o'clock p.m.

W. L. CLAY, Clerk.

LORD DERBY'S FAREWELL.

QUEBEC, July 16.—A civic address was presented on Saturday to the retiring Governor-General and Countess Derby. The Dominion and Provincial cabinet ministers, foreign consuls and many prominent citizens were present. Earl Derby replied expressing gratitude for the kindnesses extended to himself and the Countess during their sojourn in Canada, and advising Canadians to adhere to British connections. The vice-regal party then proceeded to the citadel to attend the ceremony of the swearing in of General Montgomery More, as administrator, which was performed by Justice Fournier of the supreme court, in the presence of members of the privy council. Their Excellencies then went aboard their steamer, the Sardinian, and as they embarked the guns of the citadel thundered forth a royal salute. The Sardinian was gallantly decorated with bunting, as are most of the vessels in the harbor.

CREMATED IN A BARN.

A barn of Thomas Griffith, who lived near Toronto, was struck by lightning on Monday, and Griffith, who was inside, was prostrated by the stroke. The barn took fire and the daughter, who was the only one present, endeavored to drag her father out, but the flames drove her off, and she was compelled to witness the horrible cremation in helpless despair.

A MAN MAKES A BIG FIND OF GOLD.

Diego Artelli, an Italian laborer, while cutting away the lawn in front of the old Millin mansion, Philadelphia, Pa., on Saturday, struck his pick into an earthen crock. Another strike brought shining gold to light, and the Italian and a chum stuffed their pockets and dinner pails full of coins. The pot is said to have contained English sovereigns and Spanish doubloons valued at \$5,000. Artelli has gone to New York to take a steamer for his native land.

THE ONTARIO HAY CROP.

Continued rain in Western and Northern Ontario is ruining an exceptionally heavy crop of hay. In many districts where it has been cut for over a week, it is yet in the field badly discolored.

TO RELIEVE THE NEEDY.

The 16th was the last open Sunday at the World's Fair, and it was "hero's day," the proceeds being devoted to the relief fund for the families whose heads lost their lives in the recent big fire.
